

Guide:

32s	16s	8s	4s	2s	1s
------------	------------	-----------	-----------	-----------	-----------

Example:

1	1	0	0	0	1	= 49
----------	----------	----------	----------	----------	----------	-------------

Use the guide to decipher the following numbers.

1.

1	1	1	0	1	0	= _____
----------	----------	----------	----------	----------	----------	----------------

2.

0	1	0	1	1	1	= _____
----------	----------	----------	----------	----------	----------	----------------

Ones & Zeroes | The Binary System

Name: _____

Teacher: _____

Date: _____

3.

1	0	0	0	0	1
----------	----------	----------	----------	----------	----------

 = _____

4.

1	0	1	0	0	1
----------	----------	----------	----------	----------	----------

 = _____

5.

0	1	1	1	1	1
----------	----------	----------	----------	----------	----------

 = _____

6. Create your own combination of binary numbers (ones and zeros).

_____	_____	_____	_____	_____	_____
-------	-------	-------	-------	-------	-------

 = _____
