To whom it may concern:

This letter has been written to confirm that TypingClub.com including all add-on software and services ("Software") is a sole source product. The Software is manufactured, sold, and distributed exclusively by EdClub, Inc. ("Company").

The Company maintains the exclusive copyright privileges for the Software and all of their products and these products must be purchased directly from the Company. There are no agents or dealers authorized to represent these products and no division of the Company (or any other person) has any right of sub-license to make a similar or competing product.

The Software is designed to improve motor function relating to typing and general typing skills for student's grades K through 12. An instructor will be able to assess and report student improvement when successfully demonstrating this product designed specifically for the area of typing. Each student program is individualized to meet that student's needs.

The Company warrants that, to its actual knowledge, no other items or products are available for purchase that would serve the exact same purpose or function and there is only one price for the above-named product because of exclusive distribution and marketing rights.
